A bad experience

I have enjoyed windsurfing for about two years. I usually go with my older brother. A few months ago, I decided to windsurf alone. I did not tell my brother this. It was windy, but that is good if you want to windsurf. In the afternoon, the wind suddenly became very strong. The wind took me far from the beach. I was very scared. Some people in a boat came to help me. After that, they took me back to the beach. I have not windsurfed alone since that time. Now, I always windsurf with an older person. A short story about cyberbullying online

I always wanted to be part of a certain group of popular students. One day, they suggested that we cyberbully a boy in our class called Eyad. I wrote an unkind comment about him on social media. I thought that my friends would think it was funny. I didn't realise that they were joking. I was the only one to write an unkind comment. Eyad read my comment and the next day he didn't want to come to school. I had to tell my parents. They couldn't understand why I did it. The other students didn't want to include me in their group. I am so embarrassed about what I did. However, I hope my experience will have a positive result, too. I didn't have to do what my friends suggested. You should think before you do something. Some online message can hurt people very badly. I was able to say sorry to Eyad the next day. He is very kind and now we are friends. You should choose your friends carefully and always be kind to people.
